

Simon Madgwick

I have been involved with the camps since birth, born into an evangelistic family that helped to start South Hants Bible Camps in the early Sixties. I have 3 children, a granddaughter and am married to Tara. I became a Christian at 4 years old and was blessed with an upbringing that demonstrated faith in action. I originally trained as an Engineer and for the last 20 years have worked around the world on business growth projects. Nowadays I work part-time and spend more time at Lockerley. My passion is to see our site continue moving on from the necessarily creative era of make-do-and-mend to the necessarily modern era of being safe, secure and well equipped.
